

NEBRASKA GRAZING CONFERENCE

August 8 – 9, 2017

Beginning and experienced graziers, land managers, policy makers, as well as those concerned with the utilization and conservation of our grazing lands will find this conference of interest. Join us to learn the most current information on grazing livestock systems and their impact on lands.

Topics include fencing and water points, vegetation for livestock and wildlife, beef systems initiative, NRCS cost share programs, and forages vs. row crops, just to name a few.

For a complete list of topics and speakers, or to register online, visit <http://grassland.unl.edu/current-conference>. For assistance with online registration, call (402) 472-5636.
