GRAZING LIVESTOCK SYSTEMS
INTERNSHIP SYMPOSIUM
FEATURING

AUSTIN HOLLIDAY—FAIRBURY, NE
Interned at the Bar Arrow Cattle Company in Phillipsburg, KS. Internship consisted of hauling and managing cattle, artificial insemination of cattle, wheat harvest, and maintenance of farm.

MATTHEW GRIMES—MINDEN, NE
Interned at the Maddux Cattle Company near Imperial, NE. Matt’s internship provided him with farm maintenance and shop experience, as well as sorting and moving cattle from pasture to pasture.

WHITLEY McBRIDE—AINSWORTH, NE
Interned at Richardson Backgrounding in Ainsworth, NE. Worked with calves to grow them to 1,000 lbs. utilizing an all-natural or non-hormone treated program. Also, worked with cattle, pivots, and haying.

JUSTIN MILLER—HUBBARD, NE
Attended the Nebraska Ranch Practicum in North Platte, NE. Justin will discuss his experience and how the program expands the knowledge of beef production on range and networking with other ranchers.

NICOLE FINKNER—WAVERLY, NE
Interned at the Rush Creek Land and Livestock Company in Lisco, NE. Activities centered around fencing, low-stress livestock handling, bull fertility testing, and artificial insemination/estrus synchronization.

CHELSEA NOLLETTE—WHITMAN, NE
Interned at Anderson Ranch, Whitman, NE. Activities included custom artificial insemination for clients, learning more about grazing management strategies, as well as pivots.

DATE : TIME
November 3, 2017
12:30-5:00 PM

LOCATION
Massengale Residential Center
UNL East Campus

INTERNSHIPS
- Are valued by employers.
- Enhance classroom instruction.
- Build on GLS programming.
- Provide networking opportunities.

LEARN : CHAT
Speak with students who have recently completed internships, and faculty who can help you plan your internship.
